PROFESSIONAL SUMMARY

Student services and public service professional with experience in front-line customer service, registrarial support, records management, confidential documentation, and high-volume administrative environments. Strong communicator with experience resolving complex inquiries, using enterprise systems, and supporting students and members of the public with professionalism, empathy, and sound judgment.

PROFESSIONAL EXPERIENCE

Municipal Enforcement Officer

Town of Innisfil

May 2024 – Present

Innisfil, Ontario

- Provide front-line public service by responding to complaints, inquiries, and time-sensitive matters through phone, written communication, and in-person interactions.
- Communicate procedures, requirements, available options, and appropriate next steps clearly to residents and stakeholders.
- De-escalate sensitive and emotionally charged situations using tact, empathy, diplomacy, and sound judgment.
- Conduct investigations involving municipal matters including property standards, noise, drainage, clean communities, and animal control.
- Review documentation, correspondence, evidence, and case information to determine appropriate follow-up.
- Maintain accurate and confidential investigation files, case notes, reports, photographs, and supporting documentation.
- Manage multiple active files and competing priorities while meeting procedural requirements and service expectations.
- Collaborate with internal departments, contractors, external agencies, and members of the public to resolve complex matters.

LINC Office Triage Assistant

University of Guelph – Lincoln Alexander Student Service Centre

Jan 2026 – May 2026

Guelph, Ontario

- Delivered front-line student service through phone, email, and in-person channels to undergraduate, graduate, domestic, and international students.
- Responded to high volumes of inquiries related to student records, course registration, OSAP and financial aid, tuition and fees, and other registrarial services.
- Reviewed student records, forms, supporting documentation, account information, and case details to provide accurate guidance and determine appropriate next steps or referrals.
- Used Colleague ERP, ImageNow, OSAP systems, Microsoft Office Suite, and University administrative systems to research student information and support service delivery.
- Assisted students with course registration, enrolment changes, transcripts, confirmations of enrolment, student accounts, OSAP documentation, and other record-related matters.
- Explained University processes, documentation requirements, policies, deadlines, and available service options in a clear and accessible manner.
- Handled confidential and sensitive student information in accordance with University privacy requirements and established administrative procedures.
- Completed accurate data entry, records updates, document processing, and file maintenance across multiple service areas.
- Exercised judgment when determining whether inquiries could be resolved directly or required escalation to specialized staff.
- Managed sensitive and occasionally emotional student interactions with empathy, patience, tact, and professionalism.

- Supported privacy, compliance, and information governance initiatives involving confidential corporate and personal information.
- Co-led a company-wide records retention and disposal initiative to strengthen information governance and regulatory compliance.
- Participated in global OneTrust Records of Processing Activities projects involving records mapping, data validation, cleanup, and documentation review.
- Conducted research on evolving privacy legislation and regulatory requirements to support compliance and policy initiatives.
- Reviewed documentation and operational practices to identify privacy and information-handling risks.
- Maintained accurate compliance records, reports, and audit-support documentation.
- Collaborated with internal stakeholders while handling sensitive information with discretion and attention to detail.
- Supported legal research, documentation review, policy analysis, and case preparation.
